

MAY FLOWER SCHOOL, PATNA

ADDS FOUNDATION CLASSES IN SESSION 2026-27

Foundation classes known as Balvatika (Pre-school education) for 3-6 year olds focus on developing fundamental cognitive, social, and emotional skills through age-appropriate activities like rhymes, games, and songs, preparing them for formal schooling. These are known as pre-school education and preschool programs, which aim to build a strong educational base, social interaction, problem-solving skills, and a love for learning.

Key Aspects of Foundation Classes (3-6 years)

- **NO CHILD YOUNGER THAN 3 Years as on 1.4.2026 will be admitted.**

- **Holistic Development:**

These classes go beyond academics, focusing on emotional, social, and cognitive development.

- **Skill Building:**

Children learn important pre—literacy skills, improve their social interaction and teamwork, and develop self-regulation and problem—solving abilities.

- **Play-Based Learning:**

Activities are designed to be engaging and fun, using games, songs, and interactive exercises to foster a positive association with learning.

- **Socialization:**

Children learn to interact with peers and adults, enhancing their conversational and listening skills in a safe environment.

- **Emotional Intelligence:**

Mother teachers help children to understand and manage their emotions.

The Importance of Foundation Education

- **Strong Learning Foundation:**

These courses build the essential skills that children need to succeed in their academic Journey.

- **Positive Learning Attitude:**

By making learning enjoyable, foundation classes instil a joy and desire for continued learning.

- **Preparation for Formal Schooling:**

The skills acquired in foundation classes, like pre-literacy, numeracy and social interaction are crucial for a smooth transition into primary school.
